

RACHEL CHANG

National Yang-Ming University
(Taiwan)

Why did you apply to the Kaiser Permanente Mid-Atlantic States Internal Medicine Residency Program?

I am excited to join the first cohort of the Kaiser Permanente Mid-Atlantic States residency program because it feels like joining a fast-growing startup on a mission.

What makes you passionate about practicing medicine?

I love to listen to people's stories and find the best resources to further their health.

What's a fun fact about you?

I am passionate and enthusiastic about boba tea, which was invented in my home country of Taiwan. I have worked as a tea barista before.

How do you thrive?

I love spending time with family and friends, exploring local restaurants, doing yoga, and learning something new from online classes. I am also looking to adopt an animal, or maybe start from fostering puppies.
