Find a pharmaceutical assistance program for the drugs you take ([medicare.gov](https://www.medicare.gov))

Program details

Some pharmaceutical companies offer programs to help pay for prescriptions for people in a Medicare Drug Plan (Part D). PhRMA's Medicine Assistance Tool (MAT) is a search engine designed to help patients, caregivers, and health care providers learn more about the resources available through these programs.

Eligibility criteria

Based on individual circumstances

Application instructions

Not applicable. MAT is not its own patient assistance program, but rather a search engine for many of the patient assistance resources that the biopharmaceutical industry offers.
